Available for 4 or 8 months beginning **Jan 2022**

## RELEVANT SKILLS, EXPERIENCES, AND ACCOMPLISHMENTS

### TECHNICAL SKILLS

- Successfully completed the FreeCodeCamp Legacy Curriculum which involved both client-side and server-side components, resulting in a well-rounded full-stack familiarity
- Developed a JavaScript calculator, demonstrating a good understanding in both JavaScript and CSS
- Programmed a Heat Map using the JavaScript D3 library which analyzed the monthly global land-surface temperatures from 1753 - 2015
- Built a Java-based inventory application using the JavaFX framework, which clearly demonstrated an understanding of abstraction, inheritance, and polymorphism

### COMMUNICATION SKILLS

- Developed considerable fluency in Spanish while traveling and working in Latin America, demonstrating the ability to learn
- Co-developed a successful coffee-based Airbnb Experience in Colombia which involved orally translating the workshop from Spanish to English in real time
- Successfully wrote an academic paper on the *Necessity of the Great War*, obtaining an A- and demonstrating excellent written communication skills and critical thinking

### PERSONAL PROJECTS

- Developed a choropleth map using the JavaScript D3 library, which gave a visual representation of the U.S post-secondary educational attainment from 2010 – 2014

- Programmed a scatterplot which analyzed doping allegations within professional cycling, finding a relatively strong positive relationship between alleged doping and time up the Alpe D'Huez

## **WORK EXPERIENCE**

### **Pizzaiolo**

September 2019 – March 2020

Goodfellas, Milton, ON

- Prepared Neapolitan-style pizza using excellent technique and maintained an exceptionally clean kitchen
- Maintained a calm and collected demeanor while working in a high-pressure environment
- Helped new cooks develop proper techniques including knife skills, cooking methods, and organization and time management skills

### **Barista/Translator**

October 2018 – February 2019

Divino Café Especial, Bogota, Colombia

- Prepared espresso and a variety of other specialty coffee methods in a fast-paced and professional environment
- Translated coffee workshops from Spanish to English, demonstrating excellent public speaking skills
- Utilized strong interpersonal communication skills while engaging with customers in a professional manner

### **Tire Technician**

June 2017 – August 2017

Southern Hemisphere Proving Ground, Wanaka, New Zealand

- Changed tires and rims in a busy workshop during product and vehicle testing
- Re-fueled vehicles and assisted engineers in organizing tires and preparing for testing
- Maintained a meticulously clean workshop
